OBJECTIVE

With over 2+ years of experience, I have been actively involved in the development and implementation of software systems, specializing as a Front-End Developer with a focus on React.js and Next.js. While my primary expertise lies in creating dynamic and responsive user interfaces, I am also proficient in working with the .NET platform to develop REST APIs. As a MERN stack Enthusiast I enjoy exploring full-stack development and building scalable web applications. I am committed to delivering innovative solutions and continuously improving my technical skills.

EDUCATION

Bachelor of Software Engineering, Comsats University Islamabad

2019 - 2023

SKILLS

Technical Skills	HTML, CSS, Bootstrap, Tailwind, JS, TS, React.js, Next.js, My-SQL, MS-SQL C#, ASP.NET, LINQ, Entity Framework Core, UML, Azure DevOps ADO, Trello, GitHub, MERN Stack Enthusiast

EXPERIENCE

Junior Software Engineer

July 2023 - Present

Meraki IT Solutions

- Developed and maintained scalable and high-performance web applications using React.js, Next.js, and ASP.NET, focusing on building and integrating REST APIs using ASP. Net Core for backend functionality.
- Enhanced efficiency and user experience by implementing state management and optimizing data-fetching strategies in React.js and Next.js applications.
- Integrated third-party APIs to extend application functionality and deliver seamless user experiences.
- Collaborated closely with stakeholders to gather requirements, define project scope, and deliver solutions that met expectations.
- Resolved complex technical challenges to ensure the reliability and stability of applications across diverse environments.

PROJECTS

Malcolm Admin Portal. Comprehensive hotel management dashboard with full CRUD.

Joffrey. Hospitality system for registrations, reservations, and secure guest management.

Joffrey Extension. Chrome extension enabling guest communication, operation via WhatsApp, SMS, or Tablets.

Payment Lander. Payment processing system with real-time tracking and advanced management features.

Loyalty Program. Referral-based loyalty system enhancing customer retention and business growth.

LEADERSHIP

- Led the training program at Meraki IT Solutions to upskill new interns, empowering them to independently handle projects.
